WINES

In Italian, Bianco means “White” – a blank canvas for possibility.

At Bianco Italian Cuisine & Bar, that blank canvas becomes a celebration of Italy away from Italy: vibrant flavours, warm hospitality and a cosmopolitan bar experience in the heart of Caloundra!

The centrepiece of Bianco is a bar concept showcasing an extensive wine list that highlights Italy, the Mediterranean and the wider world. Many selections are available by the glass, including premium wines poured via Coravin, inviting guests to explore and discover at their own pace.

What’s Coravin system?

Coravin is a revolutionary wine preservation system that lets you pour wine from a bottle without removing the cork, keeping the rest of the wine fresh for weeks, months.

How it works?

It works by inserting a thin needle through the cork, pressurising the bottle with inert argon gas, and pouring wine out, then the cork reseals itself, preventing oxidation.

We invite you to enjoy our wines by the glass, thoughtfully selected by our wine director and sommeliers for your dining experience.

You can purchase any of the wines listed for takeaway, with the benefit of a special discount.
